The State Officers from each organization have planned an informative and exciting day with individual and team building leadership sessions presented by FOCUS Training, LLC. FOCUS Training representatives will provide interactive, hands-on, results driven workshops that will help students develop leadership skills in all aspects of their lives.

Registration is \$30.00 per student and advisor. This fee includes all training activities, materials, and lunch for each participant (no Continental Breakfast). Due to space limitations, high schools may send up to six students and middle schools may send up to eight students. Please note that student workshop attendance is mandatory during the conference.
